Overview

This Right to Information (RTI) Manual is pursuant to the provisions of the recently passed Act, (Act 989) by Parliament and assented to by the President, Nana Addo Dankwa Akuffo-Addo. The Act gives substance to the constitutional right to information provided under Article 21 (1) (f) of the Constitution, enabling citizens access to official information held by government institutions, and the qualifications and conditions under which the access may be obtained. In accordance with Section 80, the Act applies to information which came into existence before, or which will come into existence after the commencement of the Act.

- 1.1 Purpose of Manual – To inform/assist the public on the organizational structure, responsibilities and activities of the State Interests and Governance Authority (SIGA) and provide the types of information and classes of information available at SIGA including the location and contact details of its Information Officers and units.

1. Divisions in State Interests and Governance Authority (SIGA)

This section describes the institution's vision and mission and lists the names of all Directorates and Departments under the institution, including the description of organizational structure, responsibilities, details of activities and classes and types of information accessible at a fee.

VISION

Transformed Specified Entities through EXCELLENCE IN PERFORMANCE

MISSION

To oversee and administer the State's interests in Specified Entities, to ensure shareholder value, financial sustainability, and good corporate governance.

Divisions in State Interests and Governance Authority (SIGA)

1. Human Resource
2. Corporate Affairs
3. Information Technology
4. Performance Monitoring and Evaluation
5. Governance Risk and Compliance
6. Investment and Divestment
7. legal
8. Finance

Responsibilities of the Institution:

- a) Promote within the framework of Government policy, the efficient or where applicable profitable operations of specified entities.
- b) Ensure that specified entities adhere to good corporate governance practices.
- c) Acquire, receive, hold, and administer or dispose of shares of the State in State-Owned Enterprises and joint venture companies.
- d) Oversee and administer the interests of the State in specified entities; and
- e) Ensure that:

- I. State-owned enterprises and joint venture companies introduce effective measures that promote the socio-economic growth of the country including agriculture, industry and services in accordance with their core mandates; and
- II. Other State Entities introduce measures for efficient regulation and higher standard of excellence.
- III. This report covers the activities carried out by the Authority since its establishment one year on; and for the purposes of this report, any reference to SOEs, JVCs and OSEs will be referred to as "Specified Entities".

2.1 Description of Activities of each Division

Division	Responsibilities/Activities
Human Resource	<p>Responsible for promoting within the framework of Government policy, the efficient or profitable operations of specified entities as well as developing and ensuring the implementation of HR and administrative strategies, policies, systems, and structures for the achievement of SIGA's strategic objectives.</p> <p>Responsibility.</p>

	<ul style="list-style-type: none"> J Monitor and review the human resource strategy and organizational structures of the State interest entities and provide relevant technical support to ensure effective and efficient management of the human resource within the Entities. J Supervise the implementation of HR policies and activities in SIGA and the state interest entities to ensure effective and efficient HR service delivery. J Assist in carrying out relevant checks and investigations to provide a professional and objective opinion on the appointment of CEOs and Board members J Supervise human resource staff and activities to ensure compliance to human resource policies, procedures and process
<p>Corporate Affairs</p>	<p>Corporations, whether public or private, rely on their goodwill and reputation to succeed. It is consequently undeniable that a positive corporate reputation is an inimitable indicator of an organization’s soundness and viability in the eyes of its many</p>

stakeholders. This suggests that Corporate Affairs plays a critical role in every organization which is determined to succeed.

SIGA's Corporate Affairs Division is the only one positioned to highlight the intellectual rigor, leadership talents, and professional skills of its employees and Specified Entities. SIGA's performance is reflected in our media environment, and the Authority is meeting its constitutional mandate in part, thanks to the Corporate Affairs Division's efficiency.

The Corporate Affairs Division is holistically defending and developing the Authority's reputation, and the success story of SIGA in the public can be ascribed to the Division's vigorous preparations, interventions, and collaborations.

As a result, the Division serves as the hub for all SIGA corporate activities, and it does so by:

- i. Complementing the efforts of Management in the execution of strategic goals

	<ul style="list-style-type: none"> ii. Collaborating with other Divisions to achieve effectiveness, efficiency, and fairness to citizens of Ghana and stakeholders of the Authority. iii. Ensuring corporate transparency and trust with our numerous stakeholders
Information Technology	<p>The Information Technology Division at SIGA is working to provide Enterprise-Grade Information Technology services, and has begun by transforming the way people work by implementing mobility solutions such as the Smart Workplace and Office 365, which allow employees to work from anywhere, at any time, on any digital or smart device.</p> <p>Furthermore, these services include a fast, secure, and dependable Internet and office network, both of which have been delivered.</p>
Performance Monitoring and Evaluation.	<p>Establishment of specific performance measures, collecting and analyzing performance information, planning and managing evaluations in line with the mandate of SIGA</p>

including the implementation of performance contracts for the Entities in which the State has interest to ensure fairness, transparency and accountability.

- J Recommending and implementing appropriate monitoring and evaluation policies, systems, and processes to facilitate review and assessment of the operational activities of SIGA and the Specified Entities
- J Building capacity of Monitoring and Evaluation units across the respective Specified Entities to ensure the implementation of their respective mandates.
- J Provision of technical support to specified entities to streamline the process and increase efficiency in gathering, analyzing and reporting performance information
- J Collection of relevant data on the periodic performance of state interest entities for review, evaluation and reporting to inform decision making

	<p>J) Preparation of periodic reports on the operational activities the Specified Entities for relevant stakeholders.</p>
<p>Governance Risk and Compliance</p>	<p>Facilitating the development of a Code of Conduct and Guidelines for Good Corporate Governance to effectively and collaboratively identify, escalate, mitigate and resolve risk and compliance related matters of SIGA as well as the state interest entities; and ensuring adherence to the highest standards of excellence and compliance with relevant policies, processes and regulations.</p> <p>J) Developing an effective governance and risk management mechanism to facilitate the assessment of the various categories or industries of state interest entities as well as the management and mitigation of risks</p> <p>J) Providing capacity-building support for the specified entities in the implementation and evaluation of governance, risk and compliance processes</p>

- J Providing support in monitoring and keeping abreast with regulatory developments, compliance controls, issues of non-compliance with legal, audit, ethical, regulatory and policy guidelines and reporting on instances of non-compliance by the state interest entities for resolution
- J Collation of information to facilitate the assessments of the institutional performance of identified state interest entities to ensure that they are in compliance with all operational, legal and regulatory requirements such as the Ownership Policy, Public Financial Management Act and Regulations, Company Act, etc.
- J Liaison with relevant departments to conduct checks and investigations to aid decision making on the appointments of CEOs and Board members
- J Preparation of periodic risk profile and other relevant reports for the Executive Management and the Board for strategic decisions on meeting business objectives

Investment and Divestment	<p>The core function of the Investment and Divestment Division is to promote within the framework of Government policy the efficient and where applicable the profitable operations of Specified Entities (SEs). Its mandate is to acquire, receive, hold and administer or dispose of shares of the State in state-owned enterprises and joint venture companies. Others are as indicated below:</p> <ol style="list-style-type: none"><li data-bbox="722 863 1487 974">1. Prepare and submit to the Minister annual assessment report on Specified Entities<li data-bbox="722 1016 1487 1360">2. Assist the Minister responsible for Finance to make a determination where a request for a government guarantee, financing of capital expenditure or investment plan is submitted by a State Enterprise<li data-bbox="722 1402 1487 1514">3. Ensure dividends due the State are paid timely.<li data-bbox="722 1556 1487 1667">4. Promote exchange and inter-trading among the SEs to promote profitability.

	<p>The Division is made up of four separate Units to efficiently perform its functions. These are:</p> <ul style="list-style-type: none"> a) Investment and Wealth Creation b) Exchange and Inter-trading c) Research and Business Development d) Investment and Restructuring
Legal	<p>Responsible for the legal and regulatory affairs of SIGA and specified entities, as well as providing SIGA with legal representation, opinions and reviews on laws and legislation to ensure governance procedures and processes are adhered to.</p> <ul style="list-style-type: none"> J Provide advice on all legal matters (including operations, contract negotiations, labour relations, etc.) to ensure that there are no infringements of the laws, rules, and regulations in the execution of the day-to-day activities of the Authority.

	<ul style="list-style-type: none"> J Develop Legal strategy, policies, procedures and other support systems including monitoring mechanisms in managing the legal matters of SIGA and specified entities J Manage the use of SIGA’s seal, deeds, title documents, Legislative Instruments with respect to its operations and contracts with SOEs and specified entities to ensure compliance with regulations and agreements and minimize legal risks. J Assist in the definition, review and evaluation of performance contracts and mandates of the relevant State Interest Entities to ensure fairness, objectivity, and adherence.
<p>Finance</p>	<p>Managing issues of specified entities as they relate to financial accounting, management accounting, taxation, balance sheet management, financial risk analysis and</p>

management as well as regulatory reporting in accordance with Generally Accepted Accounting Principles, and other regulatory guidelines.

- J Making recommendations and implementing appropriate strategies and policies for the management of financial accounting activities in SIGA and the Specified Entities to reduce financial risk; and facilitate reporting in line with accounting standards, laws and regulations.
- J Making recommendations and implementing systems and processes to facilitate the review of the financial statements of the State Interest Entities and analysis to provide reliable information for decision making by the relevant stakeholders
- J Assisting in the collection, collation and analysis of data for decision making on the acquisition and disposal of investments to conform to relevant laws and regulations.

J) Designing and implementing control measures for SIGA and the specified entities; and monitoring plans for compliance and operational risk management.

2.2 State Interests and Governance Authority's Organogram

2.3 ENTITIES UNDER SIGA

There are 175 specified entities under SIGA: 53 SOE, 47 JVC and 75 OSE.

1. **SOEs** – These are business-oriented SEs which are setup to make profit and are wholly owned by the state.
2. **JVCs** – These are business-oriented SEs which are setup to make profit and are joint ventures between the state and private entities.
3. **OSEs** – These are SEs which are not necessarily setup to make profit, but rather to regulate other entities and industries.

PUBLISHING OF SPECIFIED ENTITIES REGISTER

The State Interests and Governance Authority (SIGA) ACT 2019, (Act 990) Section 29 (6) enjoins SIGA to Gazette and Publish the list of Specified Entities.

Specified Entities means:

- a) a State-owned enterprise;

2.4 CLASSES OF INFORMATION

List of various classes of information in the custody of the institution:

1. Administrative Information
2. Legal Information
3. Technical Information

3. Procedure in Applying and Processing Requests

Section 18 of the RTI Act provides specific guidelines for application for access to information kept by a public institution. It is thus important that request for information be made in accordance with provisions under this section. The Information Officer or a designated officer is responsible for dealing with applications made to the State Interests and Governance Authority. To requests for information under the RTI Act from the State Interests and Governance Authority applicants are to follow these basic procedures:

3.1 The Application Process

- a. Application by any person or organization who seeks access to information in the custody of State Interests and Governance Authority must be made in writing, using the standard RTI Application Form. (See Appendix A for the Standard RTI Application Form). A copy of the form can be downloaded or completed and submitted electronically on the State Interests and Governance Authority's official website or the Ministry of Information website.

- b. In making the request, the following information must be provided:
 -) Date of the Application.

 -) Name of the applicant or the person on whose behalf an application is being made.

 -) Name of the organization represented by the applicant.

- J Available contact details of the applicant or address of the person/organization on whose behalf an application is being made (Telephone Number, Email, Postal Address, and Fax).
- J Brief description of information being sought. (Applicants are to specify the class and type of information including cover dates).
- J Payment of relevant fee if applicable.
- J Signature/ thumbprint.

c. Provision of identification.

The applicant must present at least one (1) of the following valid identification cards (IDs) to serve as proof of identity:

- J Driver's License.
- J Passport.
- J National ID.
- J Voter's ID.

d. The applicant should state the format of information being requested and the mode of transmission. Example (do you need certified true copy, normal photocopy, or electronic copies. Would you want to receive it through a postal address, e-mail, courier services, fax etc.?).

- e. Where an applicant cannot write due to illiteracy or a disability, he/she may make the request orally. However, oral request must conform to the following guidelines.
- J The Information Officer must reduce the oral request into writing and give a copy of the written request as recorded for the applicant to authenticate.
(s. 18) (3).
 - J The Information Officer shall clearly and correctly read and explain the written request to the understanding of the applicant.
 - J A witness must endorse the face of the request with the writing; "the request was read to the applicant in the language the applicant understand, and the applicant appeared to have understood the content of the request."
 - J The applicant must then make a thumbprint or mark on the request.

3.2 Processing the Application

- Applications would be treated on a priority basis. The Information Officer is responsible for handling requests to ensure that statutory deadlines are met.
- He reviews and identify which part is exempt based on Section 5 to 16 of the RTI Act and determines which of the units in the institution have the records or is responsible for the subject matter of the request.
- Provision is made under section 20 for the transfer of an application within a period of not more than ten days of receipt where the public institution to which

the application was initially made is unable to deal with the application. In such situations, applicants would be notified accordingly with the reasons and dates of transfer.

- For information readily available in official publications, the Information Officer shall direct the applicant to the institution having custody of that publication and notify the public institution of the request. (s.21).
- If a requested information is not readily accessible, the estimated time it will take to search for the information would be communicated to the applicant.

3.3 Response to Applicants

a. The Information Officer is required under section 23 of the RTI Act to notify applicants within fourteen (14) days from the date of receipt. Applicant should however note that the time limit does not apply to applications transferred to another public institution or which has been refused due to failure to pay prescribed deposit or fee. (s.23) (6). The notice should state:

- Whether or not full access to the requested information will be granted or only a part can be given and the reason.
- The format and mode of the access.

- The expected publication or submission day of the information in the case of a deferred access.
- The prescribed fee (s.24).

b. The Information Officer can request an extension to the deadline if:

- Information requested is voluminous.
- It is necessary to search through a large number of records.
- The information must be gathered from more than one source.
- Consultation with someone outside the institution is required.

c. The Information Officer would in such situations notify applicants of an extension as well as the period and reason for the extension. An extension should not be more than seven days.

d. In giving applicants access to information, the applicant would be given the opportunity to inspect the information or receive a copy physically or any other form required such as electronic, magnetic, optical, or otherwise, including a computer print-out, various computer storage devices and web portals.

- Where access cannot be given in the form specified by the applicant, access can be given in some other form. In such cases, the applicant shall be provided with a reason why access cannot be given in the specified form.

4. Amendment of Personal Record

A person given access to information contained in records of a public institution may apply for an amendment of the information if the information represents the personal records of that person and in the person's opinion, the information is incorrect, misleading, incomplete, or out of date.

4.1 How to apply for an Amendment.

- a. The application should be in writing indicating.
 - Name and proof of identity.
 - Particulars that will enable the records of the public institution identify the applicant.
 - The incorrect, misleading, incomplete or the out-of-date information in the record.
 - Signature of the applicant.
- b. For incomplete information claimed or out of date records, the application should be accompanied with the relevant information which the applicant considers necessary to complete the records.
- c. The address to which a notice shall be sent should be indicated.
- d. The application can then be submitted at the office of the public institution.
